
Conference Style Housing
Finnup Cottage

Established in 1983, Finnup Cottage accommodates 80 persons at full capacity and is Rock Springs' "conference style" housing.

The building contains 16 air conditioned sleeping rooms; each holds five people and is configured with two sets of bunk beds and one trundle bed. Every sleeping room has its own private bathroom. A spacious lobby furnished with a fireplace and ample seating provides a convenient gathering place for groups making use of Finnup.

As pictured, bedding does not come standard with the use of Finnup, but can be rented for a small additional fee. Please contact Rock Springs by calling (785) 257-3221 or emailing administration@rocksprings.net for more information about Finnup Cottage and other housing options.

Get into the spirit of the Springs!
